

SYNTHESISED TEXT OF THE MLI AND THE CONVENTION BETWEEN THE REPUBLIC OF HUNGARY AND THE SLOVAK REPUBLIC FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL

General disclaimer on the Synthesised text document

This document presents the synthesised text for the application of the Convention between the Republic of Hungary and the Slovak Republic for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital signed on August 5, 1994 (hereinafter referred to as “the Convention”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by Hungary and the Slovak Republic on June 7, 2017 (hereinafter referred to as “the MLI”).

The document was prepared on the basis of the position of Hungary submitted to the Depositary upon ratification on 25 March 2021 and of the MLI position of the Slovak Republic submitted to the Depositary upon ratification on 20 September 2018. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on this Convention.

The authentic legal texts of the Convention and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Convention or to the Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

Each of the provisions of the MLI could take effect on different dates, depending on the types of taxes involved (taxes withheld at source or other taxes levied) and on the choices made Hungary and the Slovak Republic in their MLI positions.

Dates of the deposit of instruments of ratification, acceptance or approval: 25 March 2021 for Hungary and 20 September 2018 for the Slovak Republic.

Entry into force of the MLI: 1 July 2021 for Hungary and 1 January 2019 for the Slovak Republic.

This document provides specific information on the dates on or after which each of the provisions of the MLI has effect with respect to the Convention throughout this document.

Unless it is stated otherwise elsewhere in this document, the provisions of the MLI have effect with respect to the Convention:

- i. with respect to taxes withheld at source on amounts paid or credited to non-residents, where the event giving rise to such taxes occurs on or after 1 January 2022;
- ii. with respect to all other taxes, for taxes levied with respect to taxable periods beginning on or after 1 January 2022.

The following paragraph 1 and 3 of Article 6 of the MLI replace the text referring to an intent to eliminate double taxation in the preamble of this Convention:

ARTICLE 6 OF THE MLI – PURPOSE OF A COVERED TAX AGREEMENT

Desiring to further develop their economic relationship and to enhance their co-operation in tax matters,

Intending to eliminate double taxation with respect to the taxes covered by this Convention without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Convention for the indirect benefit of residents of third jurisdictions),

have agreed as follows:

ARTICLE 1

PERSONAL SCOPE

This Convention shall apply to persons who are residents of one or both of the Contracting States.

ARTICLE 2

TAXES COVERED

(1) This Convention shall apply to taxes on income and on capital imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

(2) There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, as well as taxes on capital appreciation.

(3) The existing taxes to which the Convention shall apply are in particular:

(a) in the Slovak Republic:

- (i) the tax on income of individuals;
- (ii) the tax on income of legal persons;
- (iii) the tax on immovable property
(hereinafter referred to as "Slovak tax").

(b) in the Republic of Hungary:

- (i) the income tax on individuals;
- (ii) the corporation tax;
- (iii) taxes on landed property;
- (iv) the building tax
(hereinafter referred to as "Hungarian tax").

(4) This Convention shall apply also to any identical or substantially similar taxes which are imposed after the date of signature of this Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes which have been made in their respective taxation laws.

(i) in the case of the Slovak Republic, the Minister of Finance or his authorized representative;

ARTICLE 4

RESIDENT

(1) For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

(2) Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

(3) Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the State in which its place of effective management is situated.

ARTICLE 5

PERMANENT ESTABLISHMENT

(1) For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

(2) The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop; and

(f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

(3) The term "permanent establishment" likewise encompasses:

(a) a building site or construction or assembly or installation project only if it lasts more than twelve months;

(b) the furnishing of services, including consultancy and managerial services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within the country for a period aggregating more than six months within any twelve-month period.

(4) Notwithstanding the preceding provisions of this Article the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from the combination is of preparatory or auxiliary character.

(5) Notwithstanding the provisions of paragraphs 1 and 2, where a person -- other than an agent of an independent status to whom paragraph 6 applies -- is acting on behalf of an enterprise and has, and habitually exercises, in a

Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

(6) An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

(7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

(1) Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

(2) The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

(3) The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

(4) The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7

BUSINESS PROFITS

(1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

(2) Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

(3) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

(4) Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

(5) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(6) For the purpose of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

(7) Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

INTERNATIONAL TRANSPORT

(1) Profits from the operation of ships, boats, aircraft or road-transport vehicles in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

(2) If the place of effective management of a shipping enterprise is aboard a ship or boat, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship or boat is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship or boat is a resident.

(3) The provisions of paragraph 1 shall also apply to profits derived from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

The following paragraph 1 of Article 17 of the MLI applies and supersedes the provisions of this Convention:

ARTICLE 17 OF THE MLI – CORRESPONDING ADJUSTMENTS

Where a Contracting State includes in the profits of an enterprise of that Contracting State — and taxes accordingly — profits on which an enterprise of the other Contracting State has been charged to tax in that other Contracting State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned Contracting State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other Contracting State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of the Convention and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10

DIVIDENDS

(1) Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

(2) However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner of the dividends the tax so charged shall not exceed:

(a) 5% of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 25% of the capital of the company paying the dividends;

(b) 15% of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

(3) The term "dividends" as used in this Article means income from shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the taxation laws of the State of which the company making the distribution is a resident.

(4) The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

(5) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid, or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

INTEREST

(1) Interest arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State if such resident is the beneficial owner of the interest.

(2) The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures.

(3) The provisions of paragraph 1 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

(4) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 12

ROYALTIES

(1) Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

(2) However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of the State, but if the recipient is the beneficial owner of the royalties the tax so charged shall not exceed 10%

of the gross amount of the royalties. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

(3) The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematographic films, and films or tapes for television or radio broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial, or scientific equipment, or for information concerning industrial, commercial or scientific experience.

(4) The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

(5) Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

(6) Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 13

CAPITAL GAINS

(1) Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

(2) Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

(3) Gains from the alienation of ships, boats, aircraft or road-transport vehicles operated in international traffic or movable property pertaining to the operation of such ships, boats, aircraft or road-transport vehicles shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

(4) Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, shall be taxable only in the Contracting State of which the alienator is a resident.

ARTICLE 14

INDEPENDENT PERSONAL SERVICES

(1) Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State unless he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities. If he has such a fixed base, the income may be taxed in the other Contracting State but only so much of it as is attributable to that fixed base.

(2) The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

(2) Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if each of the following conditions is met:

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve-month period concerned; and

(b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State; and

(c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

(3) Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft, or road-transport vehicle operated in international traffic, may be taxed in the Contracting State in which the place of effective management of the enterprise is situated.

ARTICLE 16

DIRECTORS' FEES

(2) Where income in respect of personal activities exercised by an entertainer or sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Article 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

(3) Notwithstanding the provisions of paragraphs 1 and 2, income mentioned in this Article shall be exempt from tax in the Contracting State in which the activity of the entertainer or sportsman is exercised provided that this activity is supported in considerable part out of public funds of this State or of the other State or the activity is exercised under a cultural arrangement between the Contracting States.

(i) is a national of that State; or

(ii) did not become a resident of that State solely for the purpose of rendering the services.

(2) (a) Any pension paid by, or out of funds created by, a Contracting State or a political subdivision or a local authority thereof to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State.

(2) Remuneration received for teaching or scientific research by an individual who is or was immediately before visiting a Contracting State a resident of the other Contracting State and who is present in the first State for the purpose of scientific research or for teaching at a university college, establishment for higher education, or at a similar establishment shall be exempt from tax in the first State provided that such establishment belongs to non-profit making legal entities.

ARTICLE 21

(3) Capital represented by ships, boats, aircraft and road-transport vehicles operated in international traffic and by movable property pertaining to the operation of such ships, boats, aircraft and road-transport vehicles shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

(4) All other elements of capital of a resident of a Contracting State shall be taxable only in that State.

ARTICLE 23

ELIMINATION OF DOUBLE TAXATION

(1) Double taxation shall be eliminated as follows:

(a) Where a resident of the Republic of Hungary derives income or owns capital which, in accordance with the provisions of this Convention may be taxed in the Slovak Republic, the Republic of Hungary shall, subject to the provisions of subparagraphs (b) and (c), exempt such income or capital from tax.

(b) Where a resident of the Republic of Hungary derives items of income which, in accordance with the provisions of Articles 10 and 12, may be taxed in the Slovak Republic, the Republic of Hungary shall allow as a deduction from the tax on the income of that resident an amount equal to the tax paid in the Slovak Republic. Such deduction shall not, however, exceed that part of the tax, as computed before the deduction is given which is attributable to such items of income derived from the Slovak Republic.

(c) Where in accordance with any provision of the Convention income derived or capital owned by a resident of the Republic of Hungary is exempt from tax in the Republic of Hungary, the Republic of Hungary may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, take into account the exempted income or capital.

(2) In the case of a resident of the Slovak Republic:

The Slovak Republic, when imposing taxes on its residents, may include in the tax base upon which such taxes are imposed the items of income which according to the provisions of this Convention may also be taxed in the Republic of Hungary, but shall allow as a deduction from the amount of tax computed on such a base an amount equal to the tax paid in the Republic of Hungary. Such deduction shall not, however, exceed that part of the Slovak tax, as computed before the deduction is given, which is appropriate to the income which, in accordance with the provisions of this Convention, may be taxed in the Republic of Hungary.

ARTICLE 24

NON-DISCRIMINATION

(1) Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

(2) The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

(3) Except where the provisions of Article 9, paragraph 4 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same

conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

(4) Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of that first-mentioned State are or may be subjected.

(5) The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

ARTICLE 25

MUTUAL AGREEMENT PROCEDURE

(1) Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

(2) The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting State.

(3) The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

(4) The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the Contracting States.

ARTICLE 26

EXCHANGE OF INFORMATION

(1) The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws of the Contracting States concerning taxes covered by the Convention. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes covered by the Convention. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

(2) In no case shall the provisions of paragraph 1 be construed so as to impose on one of the Contracting States the obligation:

(a) to carry out administrative measures at variance with the laws and the administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

ARTICLE 27

DIPLOMATIC AGENTS AND CONSULAR OFFICERS

Nothing in this Convention shall affect the fiscal privileges of diplomatic agents or consular officers under the general rules of international law or under the provisions of special agreements.

The following paragraph 1 of Article 7 of the MLI applies and supersedes the provisions of this Convention:

ARTICLE 7 OF THE MLI – PREVENTION OF TREATY ABUSE (Principal purposes test provision)

Notwithstanding any provisions of this Convention, a benefit under this Convention shall not be granted in respect of an item of income or capital if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Convention.

ARTICLE 28

ENTRY INTO FORCE

(2) This Convention shall enter into force on the date of the latter of the notifications referred to in paragraph 1 and its provisions shall apply:

ARTICLE 29

This Convention shall remain in force until terminated by one of the Contracting States. Either Contracting State may terminate the Convention, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year following after the period of five years from the date on which the Convention enters into force. In such event, the Convention shall cease to have effect:

(a) in respect of taxes withheld at source, to amounts derived on or after 1st January in the calendar year next following that in which the notice is given;

(b) in respect of other taxes on income, and taxes on capital, to taxes chargeable for any taxable year beginning on or after 1st January in the calendar year next following that in which the notice is given.
