## ***General disclaimer on the Synthesised text document***

This document presents the synthesised text for the application of the Convention between Hungary and the Republic of San Marino for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital signed on 15 September 2009 (the „Convention”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by Hungary and the Republic of San Marino on June 7 2017 (hereinafter referred to as “the MLI”).

The document was prepared on the basis of the position of Hungary submitted to the Depositary upon ratification on 25 March 2021 and of the MLI position of the Republic of San Marino submitted to the Depositary upon ratification on 11 March 2020. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on this Convention.

The authentic legal texts of the Convention and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Convention are included in boxes throughout the text of this document in the context of the relevant provisions of the Convention. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Convention (such as “Covered Tax Agreement” and “Convention”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Convention: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Convention or to the Convention must be understood as referring to the Convention as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

*The following paragraph 1 of Article 6 of the MLI replaces the text referring to an intent to eliminate double taxation in the preamble of this Convention:*

#### **ARTICLE 6 OF THE MLI – PURPOSE OF A COVERED TAX AGREEMENT**

Intending to eliminate double taxation with respect to the taxes covered by this Convention without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Convention for the indirect benefit of residents of third jurisdictions),

### *Article 1* **PERSONS COVERED**

This Convention shall apply to persons who are residents of one or both of the Contracting States.

### *Article 2* **TAXES COVERED**

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income or on elements of income, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

3. The existing taxes to which the Convention shall apply, even if collected through a withholding tax, are:  
a) in the case of San Marino:

the general income tax which is levied:  
(i) on individuals;  
(ii) on bodies corporate and proprietorships  
(hereunder referred to as „San Marino tax”);  
*b)* in the case of Hungary:  
(i) the personal income tax;  
(ii) the corporate tax;  
(hereunder referred to as „Hungarian tax”).

4. The Convention shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of this Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their respective taxation laws.

### *Article 4*

## RESIDENT

1. For the purposes of this Convention, the term „resident of a Contracting State” means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature, and also includes that State and any local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

*a)* he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

## *Article 5*

### PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term „permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term „permanent establishment” includes especially:

*a)* a place of management;

*b)* a branch;

*c)* an office;

*d)* a factory;

*e)* a workshop; and

*f)* a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than 12 months.

4. Notwithstanding the preceding provisions of this Article, the term „permanent establishment” shall be deemed not to include:

*a)* the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

*b)* the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

*c)* the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

*d)* the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

*e)* the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

*f)* the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs *a)* to *e)*, provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 6 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

## *Article 6*

## INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term „immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

### *Article 7*

## BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of a permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

### *Article 8*

## SHIPPING AND AIR TRANSPORT

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

### *Article 9*

## ASSOCIATED ENTERPRISES

1. Where

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

## *Article 10* DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

a) 0 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership that is not liable to tax), which holds directly at least 25 per cent of the capital of the company paying the dividends;

b) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership that is not liable to tax), which holds directly less than 25 per cent of the capital of the company paying the dividends;

c) 15 per cent of the gross amount of the dividends in all other cases.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term „dividends” as used in this Article means income from shares, „jouissance” shares or „jouissance” rights, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

## *Article 11* INTEREST

1. Interest arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

2. The term „interest” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor’s profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures, but does not include income dealt with in Article 10. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

3. The provisions of paragraph 1 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

4. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## *Article 12* ROYALTIES

1. Royalties arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

2. The term „royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, including software, cinematograph films and recordings for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

3. The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

4. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## *Article 13* CAPITAL GAINS

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains derived by a resident of a Contracting State from the alienation of shares or comparable interests deriving more than 50 per cent of their value directly or indirectly from immovable property situated in the other Contracting State may be taxed in that other State.

3. Gains, other than those dealt with in paragraph 2 of this Article, from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise), may be taxed in that other State.

4. Gains from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4, shall be taxable only in the Contracting State of which the alienator is a resident.

## *Article 14* INCOME FROM EMPLOYMENT

1. Subject to the provisions of Articles 15, 17, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:

a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve month period commencing or ending in the tax year concerned, and

b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State, and

c) the remuneration is not borne by a permanent establishment which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic may be taxed in the Contracting State in which the place of effective management of the enterprise which operates the ship or aircraft is situated.

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7 and 14, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. Notwithstanding the provisions of paragraphs 1 and 2 of this Article, income mentioned in this Article shall be exempt from tax in the Contracting State in which the activity of the entertainer or sportsman is exercised provided that this activity is supported in a considerable part out of public funds of this State or of the other State or the activity is exercised under a cultural agreement or arrangement between the Contracting States. In such a case, the income is taxable only in the Contracting State of which the artiste or the sportsman is a resident.

### *Article 17*

## PENSIONS

1. Pensions and other similar remuneration paid to a resident of a Contracting State in consideration of past employment shall be taxable only in that State.

2. The preceding provisions of this Article shall not apply to remuneration which a professor, teacher or researcher receives for conducting research if the research is undertaken primarily for the private benefit of a specific person or persons.

### *Article 20*

Where a resident of a Contracting State derives items of income which, in accordance with the provisions of Article 10, may be taxed in the other Contracting State, the first-mentioned State shall allow as a deduction from the tax on the income of that resident an amount equal to the tax paid in that other State. Such deduction shall not, however, exceed that part of the tax, as computed before the deduction is given, which is attributable to such items of income derived from that other State.

3. Where in accordance with any provision of the Convention income derived by a resident of a Contracting State is exempt from tax in that State, such State may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.

3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 4 of Article 11, or paragraph 4 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

## *Article 24*

The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

## *Article 25*

### EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or

of their local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other Financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

## *Article 26*

### MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

## *Article 27*

### APPLICATION OF THE CONVENTION IN SPECIAL CASES

This Convention shall not be interpreted to mean that a Contracting State is prevented from applying its domestic legal provisions on the prevention of tax evasion or tax avoidance. If the foregoing provision results in double taxation, the competent authorities shall consult each other pursuant to Article 24 paragraph 3 on how to avoid double taxation.

*The following paragraph 1 of Article 7 of the MLI applies and supersedes the provisions of this Convention:*

#### ARTICLE 7 OF THE MLI – PREVENTION OF TREATY ABUSE (*Principal purposes test provision*)

Notwithstanding any provisions of this Convention, a benefit under this Convention shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Convention.

*The following paragraph 4 of Article 7 of the MLI applies to paragraph 1 of Article 7 of the MLI:*

Where a benefit under the Convention is denied to a person under paragraph 1 of Article 7 of the MLI, the competent authority of the Contracting State that would otherwise have granted this benefit shall nevertheless treat that person as being entitled to this benefit, or to different benefits with respect to a specific item of income, if such competent authority, upon request from that person and after consideration of the relevant facts and circumstances, determines that such benefits would have been granted to that person in the absence of the transaction or arrangement referred to in paragraph 1 of Article 7 of the MLI. The competent authority of the Contracting State to which a request has been made under this paragraph by a resident of the other Contracting State shall consult with the competent authority of that other Contracting State before rejecting the request.

## *Article 28*

### ENTRY INTO FORCE

This Convention shall enter into force on the date of the latter of the notifications through diplomatic channels by both Contracting States of the completion of their domestic procedures of ratification necessary for its entry into force. The provisions of the Convention shall have effect:

- a)* in respect of taxes withheld at source, on income derived on or after 1 January in the calendar year next following that in which the Convention enters into force;
- b)* in respect of other taxes on income, for taxes chargeable for any tax year beginning on or after 1 January in the calendar year next following that in which the Convention enters into force.

## *Article 29*

### TERMINATION

This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention not earlier than 5 years from its entry into force, through diplomatic channels, by giving notice of termination at least six months before the end of the calendar year. In such event, the Convention shall cease to have effect:

- a)* in respect of taxes withheld at source, on income derived on or after 1 January in the calendar year next following that in which the notice is given;
- b)* in respect of other taxes on income, for taxes chargeable for any tax year beginning on or after 1 January in the calendar year next following that in which the notice is given.

## PROTOCOL

### **to the Convention between the Republic of Hungary and the Republic of San Marino for the avoidance of double taxation with respect to taxes on income.**

When signing today the Convention between the Republic of Hungary and the Republic of San Marino for the avoidance of double taxation with respect to taxes on income, the following additional provisions forming integral part of this Convention have been agreed upon.

It is understood that:

1. The provisions of the Convention shall not prevent the application of the Agreement between the European Community and the Republic of San Marino providing for measures equivalent to those laid down in Council Directive 2003/48/EC on taxation of savings income in the form of interest payments signed at Brussels on 7 December 2004.

2. With respect to paragraph 1, point *e)* of Article 3, in San Marino a trust shall be treated as a body corporate for tax purposes where and only to the extent in which such trust is subject to San Marino income tax.

3. For the purposes of this Convention the term „place of effective management” means the place where the chief executive officer and other senior executives of the enterprise usually carry on their activities governing the day-by-day work of the whole enterprise. If the place of effective management could not be determined on this basis, the competent authorities of the Contracting States shall settle the question by mutual agreement.

4. With respect to paragraph 2 of Article 5, a „permanent establishment” shall include a server.

5. With respect to Article 8, profits from the operation of ships or aircraft in international traffic shall include:

- a)* profits deriving from the bareboat charter of ships and aircraft operated in international traffic;
- b)* profits deriving from the use or letting of containers where such profits are occasional and secondary in respect of other profits deriving from the operation of ships or aircraft in international traffic.

6. With reference to Article 25:

If in accordance with domestic law personal data are exchanged under this Convention, the following additional provisions shall apply subject to the legal provisions in effect for each Contracting State:

*a)* The receiving agency may use such data only for the stated purpose and shall be subject to the conditions prescribed by the supplying agency.

*b)* The receiving agency shall on request inform the supplying agency about the use of the supplied data and the results achieved thereby.

*c)* Personal data may be supplied only to the responsible agencies. Any subsequent supply to other agencies may be effected only with the prior approval of the supplying agency.

*d)* The supplying agency shall be obliged to ensure that the data to be supplied are accurate and that they are necessary for and proportionate to the purpose for which they are supplied. Any bans on data supply prescribed under applicable domestic law shall be observed. If it emerges that inaccurate data or data which should not have been supplied have been supplied, the receiving agency shall be informed of this without delay. That agency shall be obliged to correct or erase such data without delay.

*e)* Upon application the person concerned shall be informed of the supplied data relating to him and of the use to which such data are to be put. There shall be no obligation to furnish this information if on balance it turns out that the public interest in withholding it outweighs the interest of the person concerned in receiving it. In all other respects, the right of the person concerned to be informed of the existing data relating to him shall be governed by the domestic law of the Contracting State in whose sovereign territory the application for the information is made.

*f)* The receiving agency shall bear liability in accordance with its domestic laws in relation to any person suffering unlawful damage as a result of supply under the exchange of data pursuant to this Convention. In relation to the damaged person, the receiving agency may not plead to its discharge that the damage had been caused by the supplying agency.

*g)* Where the domestic law of the supplying agency contains special provisions for the deletion of the personal data supplied, that agency shall inform the receiving agency accordingly. Irrespective of such law, supplied personal data shall be erased once they are no longer required for the purpose for which they were supplied.

*h)* The supplying and the receiving agencies shall be obliged to keep official records of the supply and receipt of personal data.

*i)* The supplying and the receiving agencies shall be obliged to take effective measures to protect the personal data supplied against unauthorised access, unauthorised alteration and unauthorised disclosure.

7. Hungary declares that present Convention shall in no way prejudice to the obligations deriving from its membership in the European Union.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto, have signed this Protocol.
